SCHEDULES:

01Jan17

- The New Seattle Area NA Meeting schedules for Jan – Mar 2017 are presented today.

- Jim, please announce to the Area GSRs to check the schedules carefully to ensure their meeting is captured correctly.
- I picked up the Seattle Area NA schedules from Dan at GSBS on 29Dec16. I gave him a SASC check in the amount of \$736.05. This is the Total cost for printing 12000 schedules.
- The receipt for the \$736.05 will be given to the SASC treasurer today.
- Approximately 1000 schedules are presented today to H&I Literature Chair
- Also approximately 2090 Seattle Area NA meeting schedules will be sent out to the identified Treatment Centers and Jail ASAP, the first week of January. The receipt for sending these schedules will be submitted at the February 2017 Area to the SASC Treasurer for reimbursement.
- I worked with Shannon, the Web Coordinator to ensure the schedule changes also appear online.

Call List 3 (28 Calls) – 22 Successful Calls/ 6 Hang ups	79%
Call List 4 (16 Calls) – 13 Successful Calls/ 3 Hang ups	81%

The Hotline is continuing to grow and run smoothly, we just added a fifth list. I noticed that more than a day went by without a Hotline phone call so I checked the website. We were down for an unknown period of time due to lack of payment (credit card expired). Working with the Seattle Area Chair and Treasurer we were able to get the Hotline up and running that night. This may explain why the total calls is so low.

FACILITIES:

I hope everyone had a great holiday and a wonderful new years. This past month, I delivered new literature to Fairfax, so they will be stocked for the next month. I was also wondering if it would be possible for me to be able to get a rack for our IP's at Fairfax? I still have not ran this by the facility, but I would like our literature to be more presentable if we can.

Also, I was given information on a new facility that I was to contact this month. I had an email exchange with Meghan from Prevail, which is a new facility whose patients are those with traumatic brain injuries, and some of them have had issues in the past with drugs. There have been a couple of setback with opening their facility and they are now looking at a start date, sometime in March. She is open to having an H&I Panel any day of the week at a start time of 6:00pm or 7:00pm. Their facility will be located in Shoreline.

Lastly, my position is up for Facilities Coordinator, today. I have a few ideas of how to make this position run smoother and am willing to work with the next Coordinator so we have a smooth transition.
